OFFICE OF LEGISLATIVE COUNSEL

Friday - 25 May 1973

25X1 1. [] Checked with Ed Braswell and Jack Ticer, Senate Armed Services Committee staff, regarding the status of General Allen's promotion to Lt. General. See Memo for Record.

25X1 2. [] Jim Woolsey, General Counsel, Senate Armed Services Committee, called and said Senator Stuart Symington would like General Walters to appear before the Committee next Wednesday at 10:00 a.m. to discuss his memoranda on his contacts with the White House staff and others pertaining to the Watergate incident.

25X1 3. [] Talked to Carl Marcy, Senate Foreign Relations Committee staff, about the transcript of Ambassador Helms' testimony in open session before the Committee on 21 May. Marcy informed me this testimony, along with the transcript of 7 February before the Committee, has been forwarded to the State Department which is dispatching it to Helms for correction (and in the case of the 7 February transcript sanitization for publication).

25X1 4. [] In response to his inquiry of yesterday, I called Richard Perle, on the staff of the Senate Permanent Subcommittee on Investigations, and told him that all I could tell him at the moment was that [] was known to us, we had no derogatory information on him, and as far as we were concerned his bona fides had been established. I added that it was our understanding he had made a number of contacts around town and is looking for employment. Perle thanked me for this information and said it was all he needed at least for the moment. He said he would undoubtedly get more information from [] during his meeting with him this afternoon and would let us know what he picks up.
